#### SAYS MR. TODD'S VIEWS ARE THE BEST ADVANCED

Editor Pensacola Journal.

I have been reading several articles in regard to changing the route at Georgia Square. I endorse the one by Brother Todd as the best I have seen by a long way. I can't see how anyone living in one part of a city should sign a petition that affects the property rights of those living in another part.

I am in favor of having a plenty of playground for school children; but all school lots have ample room for play, without interfering with public highways. How would it look to circulate a petition in Santa Rosa county for a school or a road in Escambia county?

I believe if a person were to circulate a petition to have me hung it would receive a number of signers, notwithstanding the fact that I have never been brought before a bar of justice during my life.

Mr. Editor, it has been truly said that any fool can start a thing, but it takes a smart man to know where to stop.

I think any loyal citizen should sign a petition that makes for the public good; but for my life I can not see the public good that could come from changing the route in question.

Suppose the fire trucks should be going at the rate of ten miles an hour and a street car at the place where the car line turns up the hill to go west, can you imagine what a condition would ensue?

No. For mercy's sake "let good enough alone." It seems to me that the world has got to going entirely too fast and can't stop.

I. E. ALLEN.

#### REASON SHOULD PREVAIL ANENT GEORGIA SQUARE

Editor Pensacola Journal.

The writer has not a lot of interest in the Georgia Square controversy, only as it pertains to the general interest of the city and country, and all should have that much.

The "mass against class" idea has been wrongly used in this.

That a few property owners would be benefited by a straight street is no reason why all others would not.

The narrowness of, and compulsory conditions surrounding, Lee Square make so close a repetition of it little short of ridiculous.

With a straight street, two snug resting niches could be established at minimum expense, and, through variety, be far more pleasing to the eye than the solid square with its attending surroundings.

Aside from the narrow personalities developed, it's hard to believe that one in a hundred would favor the hazardous conditions that would be caused by the divided street. Let reason prevail.

#### TRAVELING SALESMAN SHOTS WIFE AND THEN HIMSELF

By Associated Press.

Columbus, Ga., Aug. 27.—Andrew Roberts, forty-five years of age, a traveling salesman, and his wife, Blanche Roberts, aged forty, are dying at their home, No. 927 First avenue, as a result of gunshot wounds made by the former early today.

Officers say jealousy caused the shooting. Some years ago, it is said, Roberts shot his wife, inflicting slight injuries.

#### SPEEDY TRIAL FOR SHOOTER OF FACH

Elizabeth M. Edmunds and Albert C. Fach.

New York, Aug. 27.—Charged with having feloniously assaulted Albert C. Fach, district attorney of Richmond county, Mrs. Elizabeth M. Edmunds, a handsome woman of thirty-nine, awaits trial in the Richmond jail. On August 28, Mrs. Edmunds calmly shot the district attorney in his office. He cannot live.

Mrs. Edmunds blamed the district attorney for the loss of her eleven-acre tract of land recently by foreclosure, and also for the failure of a recent criminal proceeding started against her husband for alleged failure to support her. These two fancied grievances so preyed on her mind that she sought revenge.

Mrs. Edmunds, who is now penniless, has had much trouble in the last few years. It began in 1909 when her husband, who is a dentist, found her in Chinatown with Noah Palmer, a millionaire manufacturer. After the millionaire had got passage for the two to Europe, the woman changed her mind.

Subsequently the dentist broke a stout cane on the head of a real estate broker whom he caught with his wife in Broadway.

#### Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is usually a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. ## CONTRACT FOR CROSS WALKS WAS AWARDED

BOARD OF WORKS YESTERDAY ACCEPTED BID OF JOHN GERKINS FOR THE BUILDING OF APPROXIMATELY 30,000 SQUARE FEET OF CONCRETE WALKS.

Six bids for the construction of approximately 30,000 feet of concrete cross walks were submitted to the board of public works at the meeting held yesterday at noon for the purpose of opening bids and awarding the contract for this work. The bid of John Gerkins, being a fraction lower than any of the others, was accepted and he was awarded the contract for the building of the walks, and a resolution to ask the council to appropriate the necessary funds to have the work done immediately was adopted.

The bids were unusually close, there being less than a cent per square foot difference between any of them.

The bids submitted were as follows: W. P. Kennedy, 10 per square foot, 40 days to complete.

John Gerkins, .92 per square foot, 45 days to complete.

Martin McHugh, 10 per square foot, no time mentioned to complete.

J. B. Silva & Son, .98 per square foot, 40 days to complete.

Chas. M. Ward, .92 per square foot, 90 days to complete.

Blount Construction Co., .99 per square foot, 60 days to complete.

Concerning Opera House.

The building inspector reported that he had been asked to inspect the opera house, but that on account of promises made last year, which had not been complied with, he had refused to do so.

The chairman stated that he and the building inspector had later examined the building and had investigated and found that the necessary arrangements had been made and that it will be safe for use another season, since these repairs have been made.

Sidewalks.

After the reading of a communication from the city council recommending that the board have sidewalks built in the section of the city around Muscogee wharf, where it was stated they were needed badly, the matter was referred to the city engineer for him to investigate and report back to the next meeting of the board.

Other Matters.

The application of Jas. O'Neal, a member of the sewer gang, for pay for two days lost time on account of being injured while on duty, was referred to the plumbing inspector to investigate and report back to the board.

Several applications for permits to repair or move buildings and a number of communications were disposed of and, after approving the bills and payrolls, the meeting adjourned.

Chairman Blocker and Messrs. Schad and Higgins were present.

## MONEY MISSED HERE FOUND IN BUENOS AYRES

NEGRO LOADING VESSEL HERE WAS ARRESTED FOR STEALING MONEY, BUT AFTER VESSEL REACHED FOREIGN PORT MISSING COIN WAS FOUND.

Chief of Police Sanders last night received the letter which is reproduced below, regarding an incident which occurred in this city about three months ago.

An examination of the records at the police station failed to show that the arrest referred to had been made, but an examination of the docket at the county jail showed that on the date referred to Sam Daniels, a negro, had been arrested on the charge of larceny, and it is thought that he is the negro referred to in the letter from the captain of the steamship. As is seen by the letter, his innocence is clearly established by the finding of the money and there is a chance that the negro who lost the money may be able to recover it.

The letter to Chief Sanders is as follows:

S.S. Polcarne, Buenos Ayres, July 18, 1912.

To the Chief of Police, Pensacola, Fla., U. S. A.

Sir: I feel it my duty to inform you that while my steamer Polcarne was loading a deck cargo of wood at your port on May 13th last, one of the workmen missed some dollar notes (\$5 and \$10) and a \$10 gold piece from his coat pocket. He blamed a negro who was also working on board for having stolen this money. The man protested against the accusation and said he had not taken it.

However, he was arrested and taken on shore.

I now beg to advise you that the said money was found here after we had got part of the deck cargo off, therefore you will see that the man was actually innocent of the accusation made against him. I trust you will be so kind as to advise both parties, especially the accused, and thus clear the stain upon his character.

My chief officer and second officer bear witness to the man being arrested, as they also witnessed the finding of the money.

## THE FUNERAL HARVEY FRANKS

LARGE NUMBER ATTENDED OBSEQUIES OVER REMAINS OF YOUNG MAN, WHO DIED AT WARRINGTON SUNDAY.

With a large number of the former friends of the deceased present, the funeral services of Harvey Franks, who passed away at the home of his parents at Warrington Sunday afternoon, after an illness of two years' duration, were conducted yesterday afternoon at 4 o'clock from St. John's Catholic church at Warrington.

The cortege left the family residence at 3 o'clock and a large crowd accompanied the remains to the church, where Rev. Father Brady performed the funeral rites, after which the procession proceeded to the national cemetery, where, in the presence of a large circle of friends and acquaintances, the remains were consigned to the last resting place.

The floral offerings were among the most profuse and beautiful seen at a funeral here recently, showing the esteem in which the deceased was held.

"Their parents made the match, I believe."

"I thought they opposed it?"

"Yes; that's how they made it."—Exchange.

## HOUSEHOLD CARES

Tax the Women of Pensacola the Same as Elsewhere.

Hard to attend to household duties with a constantly aching back. A woman should not have a bad back.

And she seldom would if the kidneys were seldom sore.

Doan's Kidney Pills are endorsed by thousands.

Have been used in kidney trouble over 50 years.

Read what this Pensacola woman says:

Mrs. G. Bonner, 433 E. St., Pensacola, Fla., says: "The public statement I gave Doan's Kidney Pills three years ago was correct in every particular. I have not had the least symptom of kidney trouble since that time. My back was often in such bad shape that I could not walk across the floor and the pains were almost unbearable. The first few doses of Doan's Kidney Pills, which I obtained from the Crystal Pharmacy, helped me and I was led to continue taking this remedy until cured. Any person who suffers from kidney complaint should give Doan's Kidney Pills a trial, for I know that the results will be satisfactory."

## DIRECTORS OF CARNIVAL ASSN. TO MEET TODAY

MUST FIND A LOCATION FOR SHED IN WHICH TO CONSTRUCT THE FLOATS FOR COMING MARDI GRAS.

An important meeting of the directors of the Pensacola Carnival Association is to be held this morning at 11 o'clock at the San Carlos hotel, when the matter of buying or securing a site at some suitable point on which a shed can be erected, will be discussed. The shed on West Garden street, which has been used for the past ten years, will have to be removed, as the site has been sold and the purchasers want possession at once.

In addition the work of building the floats for the coming Mardi Gras parade will have to commence soon.

The city of Pensacola owns three or four lots near the standpipe on North Hill, which were purchased some six or seven years ago to be used as city stables, and it has been suggested that the carnival association may secure the use of these for a few years. The city has decided that stables at such a point would be inconvenient and the lots will not be used for this purpose.

## FUNERAL OF B. BIZETTI

SERVICES WERE CONDUCTED AT UNDERTAKING PARLORS OF F. R. POU YESTERDAY MORNING AT 10:30.

With a large number of the former friends of the deceased in attendance, including a large delegation from the Fishermen's Benevolent Association, of which he was a popular and prominent member, the funeral services over the remains of the late Bastito Bizetti, who passed away in New York a couple of weeks ago, were conducted yesterday morning at 10:30 o'clock from the undertaking parlors of F. R. Pou on West Romana street. Rev. Father Fullerton performed the funeral services and interment was made in St. Joseph's cemetery immediately after the funeral services were concluded.

The funeral was under the auspices of the Fishermen's Benevolent Association.

## BANKS ARE CLOSED AND THE TREASURER ARRESTED

By Associated Press.

New Bedford, Mass., Aug. 27.—The New Bedford Cooperative Bank and the Acushnet Cooperative Bank were closed today and placed in charge of bankruptcy examiners as a result of an investigation which led to the arrest of Edgar Lord, treasurer of both institutions.

Lord pleaded guilty in the district court today to a charge of larceny of \$40,000. The complaint alleged that he took \$20,000 from each bank.

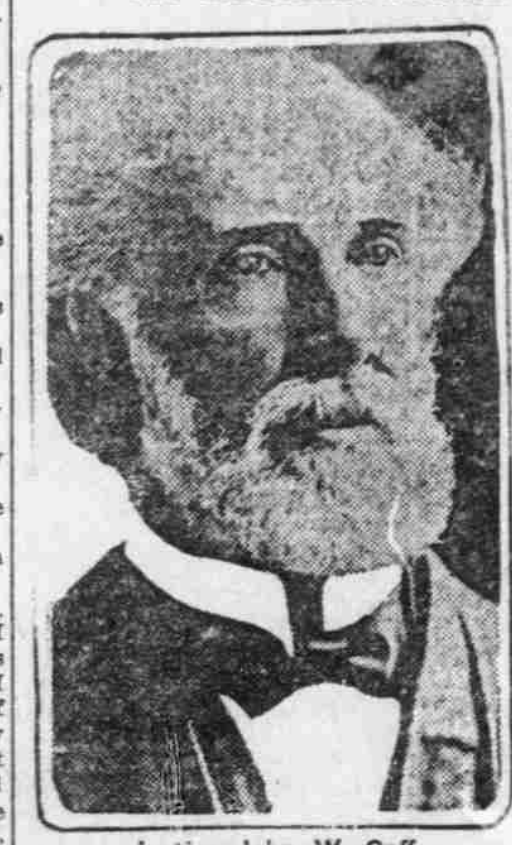

## WARSHIPS TO PREVENT THE LANDING OF FILIBUSTERS

By Associated Press.

London, Aug. 27.—Warships are to be sent to the islands of Samoa by Great Britain and France to prevent the landing of filibusters from Crete.

Reports have been circulated that parties of Cretans were organizing an armed expedition to Samoa to attempt to seize it, depose the prince and annex the island to Greece.

## GOFF TO PRESIDE AT BECKER TRIAL

## KILLS WIFE BECAUSE OF JEALOUSY OF HER SON

By Associated Press.

Fort Smith, Ark., Aug. 27.—Fernando Baupliz, a Slavish miner living at Alix, a mining town in Franklin county, Ark., killed his wife last night because of jealousy of his young son, the woman's step child. Neighbors say Baupliz exacted a promise from the woman before they were married that she would give the same loving care to his young son as she would had the child been her own. Her faithfulness to her word probably cost her life. The boy, unharmful, died when his father attacked his stepmother.

Baupliz first shot his wife through the left breast. Next he opened a pocket knife and stabbed her in the region of the heart. Although she was dead as the result of these wounds, the frenzied man seized a miner's pick from a corner of the room and buried its point several times in her body as she lay face downward and unconscious on the floor. The husband was taken to jail at Ozark, the Franklin county seat, after having narrowly escaped mob violence at the hands of his neighbors.

## STEAMER HARD AGROUND.

By Associated Press.

MacKinnac Island, Mich., Aug. 27.—The Anchor Line steamer Tionesta, en route from Buffalo to Duluth, was still hard aground today in the Straits of Mackinac and the prospect of releasing her before night was said to be doubtful. The majority of her 200 passengers were taken to Mackinac Island in small boats.
